9. I was present on Friday, November 12, 2010, and personally saw the following vote counting irregularities:
 - When Table 15 finished the ballot review for precinct 30-845, Kristi Dicostanzo from the Division of Elections (DOE) came over to fill in the paper work which listed total votes for Lisa Murkowski, challenged but counted votes, challenged not counted votes, and other write in candidates. . While Meridy Davis and Marcia Wilcox (Hand Count Board members for DOE) were telling Kristi the ballot count, they noticed that there was a ballot for Kevin Hite in box 5. Box 5 was for write in candidates other than those listed on the ballot. While looking at the ballot for Kevin Hite, Meridy and Marcia told Kristi that Hite was misspelled. I looked at the ballot and it was written on the line as Kevin Heit. Kristi said that she did not know what they should do and would go ask for assistance. I did not see who she went and talked to, but when she came back to the table she said that since Kevin Hite was misspelled as Kevin Heit that the ballot would NOT be counted for Kevin Hite. Instead the vote was counted as "other" which is the generic

category for anyone listed as a write in who is not a declared candidate (others include Jesus, None, Mickey Mouse, etc). At that time I looked again at the ballot to make sure it was misspelled, which it was, and also had Kristi show me the list of declared candidates (which was listed on the paperwork) and the correct spelling of Kevin Hite. After the entire day was over, I checked the final printout provided by DOE and noted that Kevin Hite still had 0 votes which meant his misspelled ballot had in fact been counted as an "other".

- Precinct 36-625 at Table 15 was presorted so that all the Lisa Murkowski votes were on top, followed by Joe Miller, followed by Scott McAdams. There were also no signatures on the bag in which the ballots came. Out of 17 total votes there were: 12 in box 1 (candidate listed on the ballot), 4 in box 3 (Lisa Murkowski unchallenged), and 1 in box 4 (Lisa Murkowski challenged counted).
- Precinct 30-850 at Table 15 had a ballot count that was one over from the election day count.
- Precinct 37-712 at Table 15 had no signatures on the bag in which the ballots came. Out of the total of 3 ballots there were: 1 in box 2 (no votes) and 2 in box 3 (Lisa Murkowski not challenged).
